

Supplemental Questions for Individual Mancos Businesses:

- 1) Describe need for project and benefits once complete. How will this impact your sales and revenue? Will it help increase jobs? How will this project save on energy costs? Please include specific examples (this is how much we spend currently on electricity, etc., this is how much we'll save).**
- 2) Describe the timeline to complete your project and any obstacles or issues that could cause delays (available contractors, supply chain, material cost).**
- 3) Briefly Describe the need and urgency that this program addresses for your business**
